

Fixed Gas Detection Systems

For continuous monitoring of combustibles, toxic gases and oxygen.
Complete range of sensors/transmitters ATEX approved and ABS,
MED, RINA marked products for marine applications

GasScreen 20

Control Unit for 2 channels
4-20mA or 256 points RS485

Explorer 4 M/C

Control unit for up to 4
channels 4-20mA, rack format

GasScreen 160

Control Unit for 16 channels 4-20mA
and/or 256s points RS485

Exed Gas Detectors

For flammable gases (%LEL),
Oxygen (% O₂) and toxic gases (ppm)
